DETAILED ACTION

1. Applicant's amendment filed August 23, 2007 is hereby acknowledged. Claims 26-40 are pending.

Response to Amendment

2. Objections to claims 26 and 27 have been withdrawn in light of applicant's amendments. Objection to claims 37-40 have been maintained as applicant's amendment was unresponsive to this objection.
3. Rejection of claims 38 and 40 as non-enabled has been withdrawn in light of applicant's amendments.
4. Rejection of claims 37-40 under 35 USC 112, second paragraph has been withdrawn in light of applicant's amendments.
5. Rejection of claims 27,34 and 35 under a statutory type double patenting theory has been withdrawn in light of applicant's amendments.

Claim Objections

6. Claims **37-40** are objected to under 37 CFR 1.75(c) as being in improper form because a multiple dependent claim *should refer to other claims in the alternative only*. See MPEP § 608.01(n). Accordingly, the claims have not been further treated on the merits.

Allowable Subject Matter

7. Claims 26-36 are allowed. The following is a statement of reasons for the indication of allowable subject matter: The closest prior art Massiot, P. et al (*Changes in cell-wall polysaccharides of ambarella fruit during juice extraction and clarification*, Sciences des Aliments, Vol. 11 No. 3 pgs 477-89 (1991)) discusses analyzing samples of polysaccharide by following a cold water extraction with hot acid then neutralizing the acid extract, but the prior art does not teach or suggest following those steps with alcohol to make an alcohol precipitate then analyzing that solution to reveal a carbohydrate multimer pattern.

Conclusion

8. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
